## OUT OF EUROPE

# FROM THE BAR SIDE...

### IM-PORT-ANT DESIGN:

Born of the Douro Valley, Portugal's most famous export, port, has come to be synonymous with this coastal European nation. So, it's no wonder furniture designers from Karpa have chosen to honour their boozy heritage with this spectacular bar cabinet.

Designed to emulate the colours and textures of the Douro Valley, this fibreglass work of art features a gold leaf interior and can be rotated 360 degrees for easy access to those top shelf tipples.

The perfect gift for entertainers (or dads) who have almost everything else – but never like to be caught short without port! – this cabinet can be shipped to New Zealand on request by contacting Karpa via [karpa.pt](http://karpa.pt).
